

LACING INSTRUCTIONS FOR GHILLIES

Thank you for purchasing hand-made Nativearth Ghillies. Wiggle back into the heel, and let your body heat begin the customizing process. After you have set the heel counter you will gain additional length.

We also offer extra laces, repair, and resole services. Keep footbed free of dirt and with occasional cleaning and moisturizing, your Nativearth Ghillies will give you many years of pleasure.

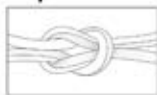

A: FRONT TIE
Laces are pulled forward and tied into a bow.

B: Lace cut short and knotted on each side, as a slip-on style.

C: For Celtic lacing wrap around top of calf and close with a square knot.

D: Roman style ankle lacing.
The square knot may end in front or back.
